Rudolf Arnheim

The Power of the Center: A Study of Composition in the Visual Arts Rudolf Arnheim

Rudolf Arnheim has been known, since the publication of his groundbreaking *Art and Visual Perception* in 1974, as an authority on the psychological interpretation of the visual arts. Two anniversary volumes celebrate the landmark anniversaries of his works in 2009. In *The Power of the Center*, Arnheim uses a wealth of examples to consider the factors that determine the overall organization of visual form in works of painting, sculpture, and architecture. *The Dynamics of Architectural Form* explores the unexpected perceptual consequences of architecture with Arnheim's customary clarity and precision.
