**When the world's greatest minds lose their wits, only one girl can bring them back ...**

12-year-old Sarina wants one thing and one thing only: to win a place at a prestigious art school in Paris. Delayed by her dreamlike heroism in a parallel world, she must now double her focus on reality. But dizzy spells and blackouts plague her efforts, and she fears she'll be confined to an institution like her two mentally ill great aunts.

When her friend Nathan and his mentor Professor Harrison make a shocking scientific discovery, Sarina may be the only person who can save the world's greatest minds. She must make a choice: concentrate on her impending art finals, save the world, or somehow retain her sanity while attempting to do both.

The Dream Killer is the second thrilling installment in the sci-fi/fantasy series The Dreamer Chronicles. It features wall-to-wall action, heart-pounding suspense, and a whiff of mystery mixed in with compelling science, art, and magic. Kids aged 9 and up, as well as adults, will love a series that's full of delightful surprises. Add the book to your digital library or your bookshelf today!
