**The Landscape of Leadership Preparation: Reframing the Education of School Administrators** Joseph F. Murphy

In this book, the author offers a new vision of the purpose of leadership preparation programmes, and a series of principles to guide the development of the knowledge base, instructional strategies and structures in defining future programmes.

The design presented is based on: lessons learned from an extensive review of training programmes over the last 100 years; an in-depth investigation into the problems currently plaguing preparation programmes, and an examination of the important changes likely to shape the future of education and educational leadership.
