The Five Elements (The Alchemancer: Book One) Scott Marlowe

When powerful earth sorcerers forsook their vows to harness the earth not with magic, but with science, their brethren struck them down and hunted them to the last. Or so they thought... Now, five hundred years later, one person seeks to carry on the work of those first early thinkers by making the parts of their greatest creation whole again.

Aaron and Shanna fall victim to these ambitions when their home is leveled by a surprise elemental attack. In the ensuing chaos, the two are separated. For Shanna, hardship soon turns to fortune, as she finds herself embarking upon the greatest adventure of her life. Only the worst of nightmares awaits Aaron. Hunted at every turn, the only thing keeping him alive is his own resourcefulness and an eslar mercenary whose reputation as a killer might make him the worst threat of all.

Though Aaron and Shanna travel different paths, their purpose is joined when they individually learn of the mysterious Fifth Element. Shanna sees it as the final piece in the puzzle that is her destiny. To Aaron's logical mind, it is an impossible ambiguity. Whatever the answer, the Fifth Element draws them back together and into a final confrontation that will mean the end of everything unless they succeed.
