MasteringGeology The Mastering platform is the most effective and widely used tutorial, homework and assessment system for the sciences, and is now available in geography. MasteringGeology helps instructors maximize class time with customizable, easy-to-assign, and automatically graded assessments that motivate students to learn outside of class and arrive prepared for lecture. These assessments can easily be customized and personalized for an instructor's individual teaching style. The powerful gradebook provides unique insight into student and class performance even before the first test. As a result, instructors can spend class time where students need it most. The Mastering system empowers students to take charge of their learning through activities aimed at different learning styles, and engages them in learning science through practice and step-by-step guidance. This includes all of the resources of MasteringGeology in addition to Pearson eText content.
