Activity-Based Statistics: Instructor Resources Richard L. Scheaffer, Mrudulla Gnanadesikan, Ann Watkins, Jeffrey Witmer

Designed to correspond with the Student Guide, this book reproduces the pages from the Student Guide, as well as providing additional in- depth notes for the instructor. It includes the purpose of the activity, its objectives, the materials needed, the prerequisites, the procedures, and the answers to all the questions in the activity. Also provided are summaries of each activity, ideas for further development of topics, and a list of further references. The format of this book allows the flexibility of using activities for class demonstrations, in-class work, or take-home assignments. This hardcover collection of materials will be an invaluable resource for statistics instructors.
