DK Workbooks: Coding with Scratch Workbook DK

Take kids from browsing to building with *DK Workbooks: Coding with Scratch Workbook*. Created for children ages 6–9, this highly visual workbook builds basic programming skills using Scratch, a free computer coding programming language.

Perfect for beginner coders, *DK Workbooks: Coding with Scratch Workbook* explains how computer coding works and teaches kids how to complete simple coding actions with clear, step-by-step instructions and fun pixel art. All they need is a desktop or laptop with Adobe 10.2 or later, and an internet connection to download Scratch 2.0. Coding can be done without download on https://scratch.mit.edu.

From conditionals to math equations to animating characters who walk, talk, and dance, young coders will put all these pieces together at the end of the lesson to create a simple "dodge the dragon" game. Then, they can share the game with friends to see if they can top the high score. Kids can even test their coding knowledge with written quizzes at the end of each section and a glossary at the back of the book.

Supporting STEM education initiatives, computer coding teaches kids how to think creatively, work collaboratively, and reason systematically, and is quickly becoming a necessary and sought-after skill. DK's computer coding books are full of fun exercises with step-by-step guidance, making them the perfect introductory tools for building vital skills in computer programming.

From reader reviews:

Lola Paolucci:

This book untitled DK Workbooks: Coding with Scratch Workbook to be one of several books that will best seller in this year, that's because when you read this guide you can get a lot of benefit onto it. You will easily to buy this kind of book in the book retailer or you can order it by way of online. The publisher of this book sells the e-book too. It makes you more readily to read this book, because you can read this book in your Smart phone. So there is no reason to you personally to past this e-book from your list.

Paula Cofield:

Reading a guide tends to be new life style in this era globalization. With studying you can get a lot of information that could give you benefit in your life. With book everyone in this world could share their idea. Books can also inspire a lot of people. A lot of author can inspire their particular reader with their story or their experience. Not only situation that share in the textbooks. But also they write about the knowledge about something that you need illustration. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book which exist now. The authors on this planet always try to improve their skill in writing, they also doing some analysis before they write for their book. One of them is this DK Workbooks: Coding with Scratch Workbook.

Heather Lanham:

Precisely why? Because this DK Workbooks: Coding with Scratch Workbook is an unordinary book that the inside of the guide waiting for you to snap the item but latter it will shock you with the secret it inside. Reading this book close to it was fantastic author who have write the book in such amazing way makes the content inside easier to understand, entertaining way but still convey the meaning totally. So , it is good for you for not hesitating having this any more or you going to regret it. This phenomenal book will give you a lot of advantages than the other book get such as help improving your talent and your critical thinking method. So , still want to hold off having that book? If I were being you I will go to the book store hurriedly.

Jamie Leal:

Playing with family inside a park, coming to see the coastal world or hanging out with close friends is thing that usually you could have done when you have spare time, and then why you don't try matter that really opposite from that. One activity that make you not experience tired but still relaxing, trilling like on roller coaster you are ride on and with addition of information. Even you love DK Workbooks: Coding with Scratch Workbook, you are able to enjoy both. It is very good combination right, you still want to miss it? What kind of hang type is it? Oh come on its mind hangout folks. What? Still don't obtain it, oh come on its identified as reading friends.
