Este es un libro que no dejará indiferente al lector. Cualquiera sea su idea sobre la trascendencia, se verá frente a frente con el cuestionamiento a la estructura de obediencia que hay detrás de la idea de un paraíso perdido. Hágase tu voluntad cuestiona a toda la estructura de poder político y del socialismo en particular que, en su afán de reproducir ese paraíso en la tierra, ha construido un infierno. El capitalismo es, para el autor, la vida en la tierra tal como es, sin deudas. Aborda temas como la pobreza, la igualdad y la propiedad privada desde perspectivas de verdad novedosas. La pobreza es aquí una creación de un dispositivo que se postula como protector, pero en realidad busca la disminución del definido pobre en función de un objetivo político. La igualdad aparece como un concepto inútil, sobre todo para quienes se encuentren en la situación menos favorecida. La propiedad privada, a su vez, el gran instrumento liberador y el fundamento de la paz entre los hombres. El libro habla sobre la tradición liberal, como la suma de sucesivos descubrimientos sobre el fenómeno de la vida privada; de la vida en paz, para concluir en una definición de la legitimidad del gobierno en sí, acorde con todas las premisas que se plantea. "Es un libro transgresor, necesariamente, porque sale de la mente y de las manos de una persona naturalmente rebelde. No trata de despertar simpatías ni antipatías, simplemente dice las cosas clavando el alfiler de la ironía, de la analogía y de la inteligencia, por aquello de que nuestra sociedad está compuesta por vivos dormidos que caminan como sonámbulos" (María Blanco)
