How To Write - A Novel: "Everything I have learnt through reading 'How to' books, attending the most famous writing courses on the planet and a few things no - one mentioned." MC Browne

My first novel, the psychological thriller, Limerence - Losing You Saving Me entered the top 100 psychological thriller chart, on Amazon.com, in the USA three months after it was published in 2015. Without any money spent on advertising or marketing. I offer this book as a quick, easy to read, guide of what I believe to be the basics you need to know before you begin writing a novel. I have spent many thousands of pounds & hours attending the most prestigious and exclusive writing courses on the planet. I have also read hundreds of "Write that Novel" type of books and spoken to many publishers, editors, agents, and authors. How to Write – A Novel is a guide to what you need to double check when you finish the first draft of your next novel. I have mashed up the good information about "How to Write" fiction and removed the reams of information I found to be, put simply, irrelevant. The silly to downright stupid ideas peddled by some in the literary profession. My hope is that you may save yourself hours of time and perhaps, lots of money, cutting through the tons of information which are freely available, as I have condensed it into this palatable book. This is my opinion of what the "How to Write a Novel" basics truly are and is constructed with three years of solid learning by classes, reading, and experience.
