Rehabilitación neuropsicológica. Estrategias en trastornos de la infancia y del adulto (Spanish Edition)

Martín Pérez Mendoza, Eduardo Alejandro Escotto Córdova, Juan Carlos Arango Lasprilla, Luis Quintanar Rojas

El libro Rehabilitación neuropsicológica. Estrategias en trastornos de la infancia y del adulto ha sido elaborado por neuropsicólogos dedicados al diagnóstico y la rehabilitación tanto de niños como de adultos. No es un libro de introducción general a la neuropsicología, sino de utilidad práctica para la intervención rehabilitatoria. Los modelos teórico-metodológico-clínico en la neuropsicología son variados, pero básicamente se abordan desde la neuropsicología histórico-cultural y la neuropsicología cognitiva. El texto aborda aspectos conceptuales (trastornos específico del lenguaje, déficit de atención e hiperactividad), estrategias para el diagnóstico y la rehabilitación neuropsicológica (variación sistémica de la actividad), programas de corrección para problemas específicos (niños maltratados, anomia, lectoescritura, problemas de aprendizaje, daño frontal, traumatismo craneoencefálico, adicciones y epilepsia); y un recuento de diversas tecnologías modernas utilizadas en la rehabilitación. Los profesionales y estudiantes dedicados a la neuropsicología tienen en sus manos un conjunto de propuestas para ser evaluadas en la práctica clínica.
