**The explosive bestseller from #1 thriller author Chris Kuzneski**

Working in secret, an acclaimed group of scientists has developed a radical new approach to modern medicine that could change everything we know about the human body and its limitations. But such knowledge does not come without risk. When their laboratory in Stockholm is attacked, it becomes clear that someone will stop at nothing to keep this research from reaching the masses.

As more details come to light, Interpol director Nick Dial realizes that the bombing in Sweden has exposed a hidden collective of the world's greatest minds. What's more, this group has been operating in the shadows for more than a century. What have they learned during all that time? And why would someone want them dead?

Jonathon Payne and David Jones soon find themselves drawn into the mystery. On a collision course with the man behind the massacre, the duo must follow the history of scientific discovery in order to stop a villain determined to use modern advancements to create his own vision of the future -- a future where he alone controls who lives and dies.

Bursting with action, suspense and humor, THE EINSTEIN PURSUIT is Chris Kuzneski at his very best.
