The sixth edition of this pilot has been completely updated from visits to the area by Martin Walker (Galicia) and Henry Buchanan (Portugal and Southern Spain) during 2009 and 2010. The text and plans incorporate all the latest information. Many new ground level photographs have been added and this new edition incorporates completely new aerial photos taken during the summer of 2010 by Patrick Roach. Atlantic Spain and Portugal is the classic guide to this varied coast which includes the rias of Galicia, the estuaries of the Douro and Tejo with Lisbon, the Algarve and then the coast of Andalucia down to Gibraltar. It's the essential companion for yachts making passage to the Mediterranean or onwards to the Canaries before an Atlantic crossing and also a comprehensive cruising companion for anyone visiting the delightful cruising grounds of Galicia and beyond.
