Patient-Centered Interviewing: An Evidence-Based Method Robert C. Smith MD

Written by an eminent authority on interviewing techniques and resident training, **Patient-Centered Interviewing: An Evidence-Based Method** provides practical, how-to guidance on every aspect of physician-patient communication. Readers will hone their skills in patient-centered interviewing techniques whose effectiveness is documented by published evidence. Chapters present techniques for defining the patient's symptoms, making the doctor-centered part of the interviewing process patient-friendly, and handling specific scenarios. Also included are effective strategies for summarizing data from the interview, presenting these findings to colleagues, and using patient education materials. The book's user-friendly design features icons, boxed case vignettes, and use of color to highlight key points.
