Erskine Caldwell - American Writers 78 was first published in 1969. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible, and are published unaltered from the original University of Minnesota Press editions.

This pamphlet series has been hailed by critics, teachers, and librarians as an ideal means of introducing both students and general readers to American writers of all periods. Choice has commented: "For the small library this series offers at small cost introductions by reputable critics of dozens of significant authors, and the larger the library the greater the number of undergraduate students looking for a place to start on some writer." *The New York Times Book Review* has called the pamphlets "extraordinarily good," pointing out that "they are just long enough (48 pages) to permit a real survey of an author's work and short enough to attract the casual reader, the anxiety-ridden student, and the professor desperate for the straight word on an unfamiliar writer."
