Persepolis (Nomadas) (Spanish Edition) Marjane Satrapi

Description del libro en español: *Persepolis* ganadora del Premio al Mejor Guion de Angoulême 2002, es una historia autobiográfica de Marjane Satrapi que ahonda en los límites de la libertad y analiza, a través de la mirada fresca e inocente de una niña, la tambaleante situación política e ideológica de su país. *En tres volúmenes*. Book Description in English: Editorial Review. . .Originally published to wide critical acclaim in France, where it elicited comparisons to Art Spiegelman's *Maus*, *Persepolis* is Marjane Satrapi's wise, funny, and heartbreaking memoir of growing up in Iran during the Islamic Revolution. In powerful black-and-white comic strip images, Satrapi tells the story of her life in Tehran from ages six to fourteen, years that saw the overthrow of the Shah's regime, the triumph of the Islamic Revolution, and the devastating effects of war with Iraq. The intelligent and outspoken only child of committed Marxists and the great-granddaughter of one of Iran's last emperors, Marjane bears witness to a childhood uniquely entwined with the history of her country. *Persepolis* paints an unforgettable portrait of daily life in Iran: of the bewildering contradictions between home life and public life and of the enormous toll repressive regimes exact on the individual spirit. Marjane's child's-eye-view of dethroned emperors, state-sanctioned whippings, and heroes of the revolution allows us to learn as she does the history of this fascinating country and of her own extraordinary family. Intensely personal, profoundly political, and wholly original, *Persepolis* is at once a story of growing up and a stunning reminder of the human cost of war and political repression. It shows how we carry on, through laughter and tears, in the face of absurdity. And, finally, it introduces us to an irresistible little girl with whom we cannot help but fall in love. *In three volumes*.
