Wake Up, America! Peter Feaman

WHAT POLITICIANS AREN'T TELLING YOU ABOUT THE WAR ON TERROR World capital cities are under attack. New York, Washington, D.C., London, Madrid, Bali, and Istanbul have sustained heavy losses as a result of terrorist actions. The threat of the Taliban moving back to Afghanistan-the incubator for the terrorists of 9/11-is real. Terrorism is a clear and present danger and American politicians are imperiling the nation with their inability to meet the challenge head-on. Instead of coming up with alternative ways of dealing with the problem, they are getting bogged down in election year politics. Unless this threat is recognized and acted upon, says author Peter Feaman, the world will face a terrifying, dystopian future where Europe as we know it no longer exists, Judeo-Christianity has succumbed to relentless attack and the United States has been destroyed. *Wake Up, America!* carefully details what American leaders are not doing, the consequences of their lack of action, and what they should be doing in the real War on Terror.
