Independence Day

Brian Docherty

Independence Day Brian Docherty

Independence Day moves on from previous work, while still retaining some continuities in theme, style and approach. It is a book of journeys, literal and metaphorical, making use of ekphrastic techniques. The poems here start out from north London, taking the reader to San Francisco, New York, Baku, Kuala Lumpur, France, Russia, and back again, while remaining firmly grounded in the writer's locale. As ever, political realities and social issues are not neglected; these poems move to a contemporary music without losing seriousness of purpose without resorting to agit-prop.
