This Was When I Was Little (My Life Showcase Book 1) Ken Chen

I was born and raised in a big lovely family in China. I was 7 years old, my parents had the horn of a dilemma. For a brighter future, they chose to leave me for San Francisco, California, U.S.A; and there they stayed for 11 years without coming back to visit me. Now I am in the Golden States because of them. I am indebted to them for everything received from them.

My childhood was still complete and full of love after my parents' absence because expressions of love embody different forms. During the time which I spent with my grandparents on my mother's side and other family members, overwhelming love received from everyone made me realize that I was never alone.

Thanks to my memory. I was able to recall, relive and appreciate those precious moments. Only through my childhood experiences was I able to see the sacrifices made by my parents, to understand the meaning behind everyone's efforts and to feel what true love was. Childhood with parents being absent was still complete and meaningful.

My memory started from the year of 1992 when I was 3 years old to 2002 when I was 13.

This was when I was little. Familial affections of all kinds are veins of the book.

Thank you for reading.
