30-10 Pistol Training Chris Graham

These are secrets that go beyond what's taught in weekend firearms courses, aren't taught in self-defense courses, and are beyond the time and budget limitations of most police departments.

The best part is, you don't even need to fire live rounds to accomplish this!

We can PERFECT each of the micro-skills you need dry...in the COMFORT and PRIVACY of your own home and only later, head to the range to confirm what you already know how to do...

All you need... is the ability to safely handle and legally possess a pistol to start... and then just pour on the 15 minute per day, 30 day training sequence I lay out here with YOUR PISTOL, holster, magazines, some cheap dummy training rounds and a properly setup (using commonly available household items) environment to practice!

We start at square one and rebuild your skills from the ground up. You will MASTER a few basic micro-skills each day. Before you know it, you will be combining them to outperform veteran shooters. And After 30 days of short, enjoyable training sessions YOU WILL BE in the top 10 % of ALL SHOOTERS IN THE WORLD!

In the 30-10 Pistol Training System, you'll discover the high-leverage secrets that most other trainers even refuse to admit are as important as they really are!

But most importantly we chunk it down to manageable bites—we even train some key skills in reverse sequence for a very important reason that few instructors understand.
